Dear Todd

Thank you so much for the SNAG Golf programme you ran at our school recent for our Year 3 to Year 6 students. The lessons were extremely well organized and well planned. Each week the children learnt a little bit more and their skills developed quickly. The children in my class really enjoyed the lessons and were keen to show off their development. Because the programme was skills based, sequential and well developed, we could substitute it for one of our weekly physical education lessons.

You have a lovely approach with the children, always encouraging and supportive. You left me with the impression that you genuinely enjoyed sharing your knowledge and skills with them.

I would whole heartedly recommend SNAG Golf to anyone who is interested in introducing their students to this sport. It has been wonderful for our students to be able to learn from you, and I know some of my own Year 3 students have now developed an interest in playing Golf as opposed to Mini Golf.

Kind Regards

Dawn Pollard
