Sept 2014

Ben Green

Ben was a little trooper, who by the end of the day, was mastering his swing - he did very well at the Candy Golf.

Carlos Hyde

Carlos stepped up and chanced his arm in the SNAG Sticky Suit, although it was miles to big, he managed to avoid a few hits and landed some goodies that may have left a mark. Good on ya Carlos!!!

Daniel Green

Daniel had a good eye and almost got a hole in one. Maybe next time Daniel.

Harrison Attwood

Harrison, under the watchful eye of Sue, got better as the day went on, playing some great shots off the tee, matched by some straight putting.

Jacinta Birch

Jacinta, sister of Tane, was very colour co-ordinated and looked striking in her purple and pink shoes. By the last hole Jacinta was holding her own with some nice shoots. Well Done Jacinta.

James & Luca

Kaden MANNED UP and jumped in the sticky suit with no fear for his own safety, absolutely nailed by some wild throws from some enthusiastic six year olds who just wanted to take his head off. Lucky you had the helmet Kaden. Job well done.

James and Luca made lots of noise and were in no danger of getting lost as they strolled around the course. James had some great shots while Luca managed to keep with him. They had plenty of positive feedback for each other.

Kaden Mill

Logan McCormick

Logan teamed up with his new buddy Ben Green and tore up the course with Mum and Nanna as their caddies. The boys had their own style and flare. Good on ya boys.

Matthew & Henry

Matthew and Henry excelled at the Candy Golf. The two very quiet achievers got really good as the day went on. Nice work guys!!

Matthew & Nicolas Bamford

The two brothers were old hands, just crushing it. With nice swings and good putters, you both have the goods guys - make sure you keep playing.

Tane & Felix

Tane (brother of Jacinta), and Felix, his golfing buddy for the day, had some close encounters, a few close hole-in-ones, but plenty of lollipops were had at the candy golf.

Zoe & Olivia

Zoe & Olivia were not shy as they followed the camera, they were always ready with a pose waiting. Here is one of 30 shots of the girls. Handy Golfers too by the way. Go Girls !!

Candy Golf

Candy Golf was a new game and a name that the group made up for this game. The object was to hit the ball as close to the hula hoop as possible and then stand by your ball and stretch to reach some lollies. Very popular. Their golf was very accurate.

The SNAG Golf Team and Pupuke Golf Club would like to thank all the kids for participating and all the parents for helping out. The weather was good to us and we were able to get outside and do some cool things. We hope to see you all again. Keep an eye on our website for all our programmes.
